In association with

Brahma Kumaris

## ABOUT *parjavaratan*

*parjavaratan* is इतः श्रुतः इच्छा is an inceptive conference and exhibition powered by ICS in association with altruistic agencies and individuals who dream of making a difference to society.

ICS, one of India's leading certifying body, has been commemorating World Environment Day since the last two decades. The mission of this celebration is to invite attention and foster dedication to the cause of a sustainable planet. You will be pleased to know that we have been able to reach out to multitudes of audience through this uninterrupted initiative every year. Hopefully, our sustained reinforcement of environmental wisdom will make a difference in the way citizens regard and preserve our environment.

## इतः-श्रुतः-इच्छा

Conceived and led by Dr. Sundar Kataria, driven with a mission to elevate the quality, safety and environmental awareness levels of industry. इतः-श्रुतः-इच्छा is a series of educative, informative events aiming to illuminate professionals on possible solutions to current issues of industry and economy. The ability to invent new devices, techniques and ideas is one of the most basic characteristics of mankind. Keeping in view the sustainability and longevity of our planet, इतः श्रुतः इच्छा aims to ignite the flame of ideation, innovation and progression in its patrons.

## International Certification Services Pvt. Ltd. (ICS)

International Certification Services is first Indian Conformity Assessment Body accredited by Nationally (NABCB) & Internationally (JAS-ANZ, EIAC) with offices at 20 locations in India and 7 abroad. Having assessed and certified over 12500 Indian and foreign companies which include small businesses to huge multinationals and PSUs, ICS can humbly feel contented about having come closer to its mission of protecting lives, preserving the environment and improving quality through its Inspection and Certification Verticals.

## Sundar Jessaram Kataria Foundation (SJKF)

Established in 2003 SJKF is an independent NGO that extends aid and assistance to the needy. The Foundation works with communities to augment income, improve child nutrition, care for the Earth and diminish hunger and poverty.

***Don't blow it – good planets are hard to find.***

# TECHNICAL SYMPOSIA

## **I) National & Global Environment Issues :**

Environmental damage is not an abstract idea, its effects are with us already and are expected to accelerate. This conclave will stimulate an urgent scientific and policy conversation on how we can and should prepare for prevention of a environment-disrupted future.

## **II) Environment Impact / Risk Assessment :**

Pollution and environmental degradation knows no borders, deadly contaminants and germs can move through air, water, soil and food to affect people anywhere in the world. The inherent nature of environment risks is such that its long-term implications reach far beyond geographic boundaries. Grim global statistics on water scarcity, weather abnormalities, resource depletion and ecosystem destruction highlight the diverse nature of these risks. How best to assess the impacts and risks of your business from the environmental point of view?

## **III) Legal and Regulatory Updates :**

Laws and regulations suited to country-specific conditions are among the most important instruments for transforming environment and development policies into action. Ensuring the highest standard of environmental risk and compliance management must be a top priority task for management, it promotes specific measures to prevent risks in products and services as well as manufacturing. Update yourself with the current legal and regulatory requirements.

## **IV) Operational Control, Performance & Improvement :**

To ensure that your environmental policy is followed and that your objectives are achieved, certain operations and activities must be controlled. Activities such as manufacturing, production, maintenance, management of on-site contractors and relationships with suppliers or vendors affect your organization's environmental performance significantly. Get a handle on what to control, what to substitute, what technology to use, which administrative control works best. Also enlighten yourself on measuring and improving your environmental performance so that you minimize your environmental risks.

## **V) Hazardous Waste Management :**

Improper hazardous-waste storage or disposal frequently contaminates surface water and groundwater supplies as harmful water pollution and can also be a source of dangerous land pollution. It can also land you in legal or regulatory mess. This conclave will educate you on the latest trends and practices vis-à-vis regulatory requirements and best practices.

## What to Expect

5 Keynote Speakers

20 Paper Presentations

5 Panel Discussions

Exhibitor Zone

Sponsor Zone

### NETWORKING

You will get to connect with professionals from diverse sectors

**PROMOTE YOUR PRODUCTS AND SERVICES**

## AREAS REPRESENTED

- Bio- Medical
- Chemical
- Hospitality
- Infrastructure
- Mining
- Nuclear
- Oil & Gas Industry
- Paint
- Power Sector
- Spirituality
- Waste Management

## TECHNOLOGY REPRESENTED

- Impact Assessment
- Measurement & Evaluation
- Operational Control
- Performance Impact
- Risk Management

## WHO SHOULD ATTEND

- Academician
- Consultants
- Engineers and Scientists
- Maintenance Managers
- Operators
- Professional / Entrepreneurs
- QA/QC Personnel
- Service Providers

**DISPLAY YOUR SOLIDARITY WITH ENVIRONMENT  
JOIN THIS MOVEMENT  
BE THE CHANGE**
